2 Day – Covert Entry Training

April 27-28, 2019 – Windsor Locks, CT

Course Description

Our Covert Entry course is a specialized class spanning two days of intense hands on experience for up to fifteen students. Our experience has been that Law Enforcement Agents, Technicians, Operators and International Travelers are generally not familiar with locks and related technology, so we begin from a zero knowledge-base in our training and advance as the students' progress.

Pricing

Tuition for the class is \$550 per student. All necessary tools are provided for students during the training. Additionally, at the conclusion of the class each student will receive a custom training kit including custom entry/bypass tools and hardware to continue their practice and training after they have completed the course.

Tuition Includes:

- Classroom Tools and Expendables (locks, picks and associated hardware)
- Student Takeaway kit (\$125 value)
- Lunch will be provided daily and Homewood Suite guests will receive a hot breakfast

Location

All training and instruction will take place at:

Homewood Suites
65 Ella Grasso Turnpike
Windsor Locks, CT 06096
(860) 627-8463

The proposed training schedule is as follows:
(schedule is subject to change)

Day One: (0900 – 1700hrs)

- Introductory Lecture on Lock Picking
- Familiarization of lock picking tools
- Ethical and legal considerations
- Hands on, fundamental single pin picking
- Exercises on advanced lock entry (commercial and improvised tools)

Day Two: (0900 – 1500hrs)

- Introductory Lecture on advanced forms of bypass
- Hands on exercises with alternate locking systems (tubular, disc, wafer, dimple, combination, etc.)
- Field expedient tool design and extensive hands-on with advanced bypass methods to include re-entry considerations
- Continuation of advanced forms of bypass to include bumping, shimming, loiding, etc.
- Methods of Entry (and Exit), case examples of sophisticated bypass (lecture, slides, video and demonstration)
- Special applications and considerations

Our Instructors are trained experts:

Matt Fiddler: Mr. Fiddler is a certified and registered locksmith and Security Professional with over 27 years of experience. Currently he leads a Security Team for a Fortune 100 Organization in the United States. Mr. Fiddler's research into lock bypass techniques have resulted in many public and private disclosures of critical lock design flaws. Mr. Fiddler began his career as an Intelligence Analyst with the United States Marine Corps. Since joining the commercial sector in 1992, he has spent the last 27 years enhancing his extensive expertise in the areas of Covert Entry Tool Design, Physical Security Consulting, Computer Forensics and Intrusion Analysis.
